WHEREAS, the Governing Body of the City of Mission Woods, Kansas, desires to promote the public health, safety, and general welfare by regulating the planting, maintenance, treatment, and removal of trees and shrubbery within the City; and

WHEREAS, overhanging, dead, or unmaintained trees and shrubbery located along streets, alleys, avenues, boulevards, and public rights-of-way can obstruct visibility and pose a physical hazard to pedestrian and vehicular traffic; and

WHEREAS, trees, tree materials, or shrubs located on private property that are infected or infested with plant diseases, insect pests, or larvae constitute a public nuisance and a hazard that can result in the widespread damage or destruction of other foliage in the community; and

WHEREAS, it is necessary and appropriate to establish clear administrative procedures for providing notice to property owners to treat or remove hazardous or diseased vegetation; and

WHEREAS, in the event a property owner fails to comply with such notice, the Governing Body finds it necessary to authorize City officials to abate the hazard and assess the costs of such treatment or removal against the abutting property as a special assessment;

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF MISSION WOODS, KANSAS:

SECTION 1. Existing Article 1, Chapter 13 of the Code of the City of Mission Woods, Kansas, is hereby repealed and replaced as follows:
