The Plan Administrator shall place any assets which are unacceptable to the Trustee with another trustee under a separate trust agreement or shall retain such assets in any other "appropriate account" as defined in Section 401(f) of the Code. The Trustee shall have no responsibility for such assets."

9. Section 12.02.e.i. is hereby deleted and replaced with the following:

"*i. To keep any portion of the Trust, including, but not limited to, amounts with respect to which the Trustee has not received Proper Directions from the Employer, Plan Administrator, or Authorized Person, or for which instructions furnished are, in the opinion of the Trustee, incomplete or ambiguous, in cash, it being understood that the Trustee shall not be required to pay any interest on any such balances, unless otherwise agreed by the parties.*"

10. Section 12.06 is hereby deleted and replaced with the following:

"***Section 12.06 Limitation on Duties and Liabilities***. *The Trustee shall have no right or duty to examine the records of the Employer to determine whether the amount of any contribution to the Plan has been correctly computed or to compel the performance of any duty imposed upon the Employer or Plan Administrator by this Trust Agreement. To the full extent permitted by applicable law, each fiduciary of the Plan shall be solely responsible for its own acts or omissions and the Trustee shall have no duty to question any other fiduciary's performance of its duties. In the event that "knowledge" of the Trustee shall be a prerequisite to imposing a duty upon, or determining liability of, the Trustee, then it is expressly understood and agreed that the Trustee's performance of ministerial duties (such as processing of investment orders, or custodial, reporting, recording or bookkeeping functions) shall not be deemed to constitute "knowledge" by the Trustee of the substance of matters contained therein. For the purpose of this section, the Trustee shall include its directors, officers, employees, agents and affiliates. The Trustee shall be fully protected in and shall not be held liable for relying and acting upon any notice, instruction, certification or other document in writing that was made or purports to have been made in accordance with this Trust Agreement, is believed by the Trustee to be genuine, and has been signed and delivered by the proper person or persons, and the Trustee shall be under no duty to make any investigation or inquiry as to the truth and accuracy of the statements contained therein. Notice of authorization or removal of the Plan Administrator shall be accompanied by evidence of proper action of the Employer approving such instruction. Instructions given by an Authorized Person in accordance with this Plan and Trust Agreement shall be treated for all purposes hereof as instructions from the party appointing the Authorized Person. The Trustee shall be deemed to have received proper instructions upon receipt of written instruction given to the Trustee in a form and manner required by or acceptable to the Trustee. In the event of any ambiguous or conflicting instructions to, or adverse claims or demands upon, the Trustee, the Trustee shall be entitled, at its option, to refuse to comply with any such instruction, claim or demand as long as such ambiguity or conflict shall continue, and in so refusing the Trustee may elect not to make any payment or other disposition of assets held pursuant to this Plan and Trust Agreement, provided that the Trustee shall provide prior (to the extent practicable and, if not, as soon as reasonably practicable) written notice to the Employer before making any payment or disposition of assets. The Trustee shall not be or become liable in any way for its failure or refusal to comply with any such ambiguous or conflicting instructions or adverse claims or demands, and it shall be entitled to continue to so refrain from acting until such ambiguous, conflicting or adverse demands (a) have been resolved and it has been notified in writing thereof or (b) have finally been determined in a court of competent jurisdiction. To the full extent permitted by applicable law, the Trustee shall not be liable for assets that are not included in the Trust or for losses of any kind that may result (a) by reason of any action taken by it in accordance with the Proper Directions of the Employer, the Plan Administrator, or Authorized Person, (b) by reason of any failure to act as a result of the absence of, or ambiguity of, Proper Directions, or (c) by reason of any actions taken by any prior trustee, additional trustee, successor trustee or Appointed Custodian. The Trustee has no duty to perform any actions other than those specified in this Trust or pursuant to Proper Directions. If the Plan is discontinued in whole or in part, or this Agreement is terminated, the Trustee, after reserving such sums as the Trustee deems reasonably necessary as provided in this Trust, shall apply or distribute the Trust in accordance with the Proper Directions of the Plan Administrator; provided that if the reserve is not sufficient for all amounts otherwise payable hereunder, the Trustee shall be entitled to reimbursement for any deficiency from the Employer. When the Trust has been so applied or distributed, and the accounts of the Trustee have been settled pursuant to Section 12.04, the Trustee shall not be responsible in any way for the further disposition of the Trust (or that part of the Trust so applied or distributed, if the Plan is terminated only in part) or any part thereof so applied or distributed. If the Plan is subject to the jurisdiction of the Pension Benefit Guaranty Corporation ("PBGC"), the Trustee shall have the right to withhold distribution or application of any part of the Trust unless and until written approval of the termination has been granted by the Internal Revenue Service and the PBGC.*"

11. Section 12.08 is hereby deleted and replaced with the following:

"***Section 12.08. Incapacity of Plan Administrator and Employer***. *If at any time the Employer and Plan Administrator shall be incapable of giving the Trustee directions, instructions or authorizations as herein provided, the Trustee may act as it, in its sole discretion, deems appropriate and advisable in the circumstances for the carrying out of the provisions of the Plan and Trust Fund. The Trustee shall have no duty, in the event of the Employer's bankruptcy or insolvency, to take any action until directed to do so by the bankruptcy trustee or a court that has jurisdiction over Plan assets. A party shall not have any liability for any losses arising out of delays in performing the services rendered under this Agreement when such delays result from events beyond such person's control, including without limitation, interruption of the business due to acts of God, acts of governmental authority, acts of war, terrorism, riots, civil commotions, insurrections or labor difficulties (including, but not limited to, strikes and other work slippages due to slow-downs).*

12. The Section titled "Instructions" in Appendix A is hereby deleted and replaced with the following:

"***INSTRUCTIONS***

The Trustee must receive instructions from the Plan Administrator, Employer or an Authorized Person, as applicable (each for purposes of this Appendix A, an "Instructing Party") for each purchase, sale acquisition and disposition. The Trustee reserves the right not to effect any transaction unless given sufficient time and information to review and process the transaction. All purchases, sales, acquisitions and dispositions of assets must be made in accordance with terms of the Trust Agreement, the Plan and Applicable Law."

In all other respects, the Plan shall continue in full force and effect.

IN WITNESS WHEREOF, the City of Overland Park, Kansas, has caused this Amendment Number Two to the Overland Park, Kansas, Municipal Employees Pension Plan and Trust Agreement (Restated as of July 10, 2023) to be executed on its behalf, and the Trustee has caused this Agreement to be executed on its behalf, this ____ day of _____, 2026, effective as of June 1, 2026.
